

**YAMAHA FZS (Rear Disk) and Ray ZR-Rally - the special creations for “The Generation of free- spirited Youth” – are now in Sri Lanka.**

The two latest products popularized by AMW, to enable Sri Lankan youths to make their dreams come true, were introduced to Sri Lankan customers recently. These two are the YAMAHA FZS (Rear Disk) motor bike and the RAY ZR –Rally Scooter. These latest twin motor bike varieties come to you through Japanese Technology. These two bikes have been introduced entirely for today’s dynamic youth, who pursue the mixed challenge of un-slackening speed and impressive appeal. YAMAHA Motor Company constantly alert to customer requirements is ever-ready to send to the market, products that are in keeping with these needs. These products reflect what the customers want. This was announced by Mr. Zharan Ziyawudeen Head of Sales YAMAHA Division of AMW.

YAMAHA motor bikes are imported and distributed in Sri Lanka, solely by the AMW Company, possessing a proud history extending over seven decades. The series of YAMAHA motor bikes and Scooters has been able to record the high success, of being the market leader, both in Sri Lanka and at global level, in the field of motor bikes and scooters. This can be described as a brilliant instance that proves the unparalleled greatness of the YAMAHA Brand Name. It is quite widely known that the Brand Name YAMAHA, echoes and re-echoes in Sri Lanka, right across, both cities and villages alike.

**The Special Quality of YAMAHA FZS (Rear Disk)**

The chain of YAMAHA FZS motor bikes is celebrated as the leading product in the market in the 150cc category. The latest product in this series is YAMAHA FZS (Rear Disk) motor bike. The special feature of this version is that it has been introduced to the market with a 220mm rear disk brake system. As a result of this, the brake system can be operated, with confidence, at any speed. This can be considered a comparatively improved stage of the FZ class, motor bikes.

The YAMAHA FZS (Rear Disk) motor bike arrives in the market, with an appearance that stuns young people. It is equipped with Blue Core and FI (YAMAHA Fuel Injection) technology, ensuring fuel economy even at high speed. The seats prove comfortable, throughout any long distance travel. The ground clearance is 160 mm. This will make a smooth drive possible. The adjustable Mono Cross Suspension System, helps the user experience a joyous and pleasant ride. The advanced multi reflector head-lamp while ensuring the safety of the rider at night, contributes substantially to get an extremely clear view of the road. The digital meter system is visible during daytime as clearly as at night. These special features enhance the appeal of the YAMAHA FZS (Rear Disk) motor bike.

## **RAY ZR Rally – The Latest Scooter**

The highly appealing RAY ZR Rally, will undoubtedly turn out to be the fastest scooter for the local scooter –fans. The RAY ZR Rally will provide you higher and higher opportunities to enable you to reach the targets, that are being pursued by young men and women who are attracted by challenges. This RAY ZR Rally scooter, built exclusively for the dynamic youth, is powered by 4 stroke air-cooled SOHC 2-value (Blue-core) technology engine. Because of the front Disk Brake systems, there is no slippage when applying brakes. Beside, at a sudden stoppage, the machine can be controlled, harmlessly. The strong structure of the front brakes provide additional safety. The inclusive of new digital meter provides the indications of the scooter’s functions. The aerodynamics of the streamlined design and the easy handling of the scooter, its light weight and the smooth ride it ensures, can be mentioned as its special qualities. The knuckle guard, to minimize the harm to the rider’s hands in an untoward situation, proves that, we need not worry at all about safely provisions of YAMAHA motor-bikes. The RAY ZR – Rally scooter that comes to you in blue or black is exclusively produced for the youth who are in pursuit of their dreams.

AMW Company that converts the dreams of the youth into reality is the only authorized agency to import YAMAHA motor bikes to Sri Lanka. AMW is the sole agent in Sri Lanka, for a whole series of outstanding brands, AMW is the pioneering motor car and motor bike sales company that provides an unparalleled after sales service, with a network of Agents, spread right round the Island.
